

ENTER THE REWARDING WORLD OF INSURANCE!

People's Insurance PLC is a fast growing business entity in the insurance sector, achieving benchmark industry standards with high profitability and serving a premier portfolio of customers. In order to strengthen the growth and stability, the Company is in search of a purpose-driven dynamic person who could further build upon the hard-earned reputation of reliability, trust and unparalleled service by passionately working towards meeting the objectives of respective department functions.

Information Security Auditor –Executive/ Junior Executive Internal Audit Location - Head Office, Colombo 5

The Opportunity

We are seeking a highly motivated and skilled **Information Security Auditor** to safeguard the stability and reliability of our technology infrastructure and processes. This role is critical in maintaining the lasting trust we have built with our stakeholders by ensuring compliance and robust risk management.

Key Responsibilities

The core function of this role is to protect the integrity, confidentiality, and availability of People's Insurance PLC's information assets:

- Conduct risk assessments to identify potential threats, vulnerabilities, and control weaknesses across the organisation.
- Identify key audit areas for review, including security audits, user access controls, system configurations, and compliance frameworks.
- Perform detailed testing and examination of IT systems, databases, applications, and networks, with a focus on risk mitigation.
- Assess the adequacy and effectiveness of IT General Controls (ITGC) and identify gaps in existing system processes.
- Assist the Internal Audit team in conducting detailed investigations related to information security incidents.
- Draft detailed audit findings, observations, and recommendations, and clearly communicate the results to management for effective risk mitigation strategies.

Applicants should possess the following

- A Bachelor's degree in Information Security, Computer Science, or a closely related field.
- Certified Information Systems Auditor (CISA) qualification is required.
- Possession of Information Security related certification is considered a distinct advantage.

An attractive remuneration package together with the opportunity for further advancement in a team-driven business scenario awaits the selected candidate.

If the above position interests you and if you feel that you have it in you to meet these expectations, please forward a complete resume with contact details of two non-related referees within 10 days of this advertisement to the following address.

Only those who possess the above qualifications should apply.
